**APPLY IN PERSON PREFERRED.**

**Knight & Carver Wind Group is looking for a detailed & analytical QA Tech to inspect/review all engineering and manufacturing processes!**

### **JOB DESCRIPTION:**

- Assure Quality Management Systems and strategies, which maximize product reliability and minimize cost are effectively implemented.
- Provide guidance in the development of systems, standard practices, control plans and procedures.
- Partner with Manufacturing sites and other functional departments to ensure quality system guidelines are adhered to.
- Deployment of quality system procedures and practices to meet the requirements of ISO 9000-2001 standards and assure standardization of processes effecting quality are established, implemented and maintained.
- This position supports production with the necessary quality support and training to maintain product/ process integrity.
- Works cross functionally to resolve and review with internal/external customers any quality opportunities.
- Lead the Corrective Action Request (CAR) process from inception to completion.
- Assure supplier control systems and procedures are followed to obtain 100% product conformance.
- Establish product assurance system (receiving, in process and final)
- Assure all measurement techniques are qualified to provide objective evidence of compliance with engineering standards.
- Deployment of Metrics that demonstrate the relative health of the organization with respect to key quality indicators (such as but not limited to internal/external defect rate, audit compliance, cycle time etc...).
- Change Agent to facilitate Continuous Improvement by reducing Cost of Poor Quality, Defects per Unit or Cycle Time resulting in reduction of cost and improve performance.
- Other duties as assigned
- Perform miscellaneous duties, tasks & projects as needed

### **REQUIREMENTS:**

- BA/BS degree or equivalent experience
- Ability to use analytical skills to solve basic quality problems
- Comfortable with the following QA Tools: C&E Diagrams, Scatter Diagrams, Pareto charts, Histograms, Run charts, Check Sheets, Capability Studies, Control Charts, FMEA's.
- Black/Green Belt preferred
- CQT, CQE, CQM are highly desirable
- Ability to assure high level of product quality
- Minimum 2 Years Quality System experience

- Experience with software for the analysis and presentation of data including: Mini Tab, Excel, Power Point and Word processing
- Pro-active, good communicator
- Ability to access the situation, collect and manage the data, draw logical conclusions and make recommendations
- Ability to work legally in the United States
- Local candidates only please, as no relocation assistance is offered

### **BENEFITS:**

- 100% PAID Medical, Dental, Chiropractic & Long-Term Disability for the employee and 50% coverage for dependents after 60+ days
- Vision & Cafeteria Plans available after 60+ days
- 10 Vacation Days Annually
- 6 Paid Holidays Annually
